Disability Categories:

Introduction:

The purpose of the Disability Categorization is to provide additional information to assist with answering the disability question. Disability in this context does not include short-term disabling health conditions such as a fractured leg, influenza, or corrected physical conditions such as impaired vision managed by wearing glasses or lenses.

'11 - Hearing/deaf'
Hearing impairment is used to refer to a person who has an acquired mild, moderate, severe or profound hearing loss after learning to speak, communicates orally and maximises residual hearing with the assistance of amplification.

'12 - Physical'
A physical disability affects the mobility or dexterity of a person and may include a total or partial loss of a part of the body.

'13 - Intellectual'
In general, the term "intellectual disability" is used to refer to low general intellectual functioning and difficulties in adaptive behaviour, both of which conditions were manifested before the person reached the age of 18.

'14 - Learning'
A general term that refers to a heterogeneous group of disorders manifested by significant difficulties in the acquisition and use of listening, speaking, reading, writing, reasoning, or mathematical abilities.

'15 - Mental illness'
Mental illness refers to a cluster of psychological and physiological symptoms that cause a person suffering or distress and which represent a departure from a person's usual pattern and level of functioning.

'16 - Acquired brain impairment'
Acquired brain impairment is injury to the brain that results in deterioration in cognitive, physical, emotional or independent functioning.

'17 - Vision'
This covers a partial loss of sight causing difficulties in seeing, up to and including blindness.

'18 - Medical condition'
Medical condition is a temporary or permanent condition that may be hereditary, genetically acquired or of unknown origin.

'19 - Other'
A disability, impairment or long-term condition which is not suitably described by one or several disability types in combination.
